EDUCATION MANAGEMENT SYSTEM

E- GYAN

THE ESSENCE OF SCHOOL MANAGEMENT

An Education management system – like E-GYAN – is a platform that allows you to manage the various functions and processes of an educational institute. This can include everything from inquiries filling to the enrolment of students, from fee processing to attend, from homework to the exam timetable to exam result processing, from assignments to live communication through message, SMS or live chat, from bus tracking to live bus alert. Also manages processes for multiple stakeholders – from parents to students to educators to non-academic staff to transporter to management.
